82mm Tread

RetroFit

RetroFit stairnosing profiles have a diminishing tread on the back edge.Therefore they can be installed on top of existing hard/vinyl floor surfaces (Installer to confirm suitability on site)

DDA Compliant

Guidance is provided in approved documents such as approved document M, which is based on BS8300:2001. Nosings are to be made apparent by means of a permanently contrasting material 55mm wide on both the tread and the riser.
